Task 1

Read the text below. Then do the tasks that follow.

On the Move

A. Dan and Sammy cannot believe that they have to move away from Florida. Florida is so awesome! They can play outside all day long – every day. It is almost always warm and sunny, and all of their friends live there. What will they do without Brendan, Bailey, John, Alexis, and Brian? They will never have such great friends again. Never!

B. However, Dan and Sammy are very excited for their dad. He has a great new job. The only problem is that the job is in New Hampshire. Sammy was not even sure where this state was located. After learning that it is way up north near Canada, both boys did get a little excited about playing in the snow. Sammy has always wanted to learn to ski, and Dan thinks playing ice hockey sounds like fun.

C. Dan and Sammy also like the location of New Hampshire. It is between Maine and Vermont and not far from Boston, Massachusetts. Quebec, Canada, borders this state on the north. Neither of the boys has ever visited this part of the country, so they are now looking forward to exploring a new area. If only their friends could come with them! Their parents have promised that they can visit their old friends over spring break and even go to Disney World. The boys think that moving to New Hampshire will not be so bad after all.

I. In which paragraph can we find some information about the following?

1. Sports that Dan and Sammy are interested in
2. Where the boys will spend their spring school holidays
3. The weather in Florida
4. The state where the boys live now
5. The reason why the boys will have to move to a different state
6. The climate in New Hampshire

### Task 2

I. You are going to read an article about an English woman called Ellen MacArthur, the fastest and youngest person to sail around the world in a single-handed sailing race. Choose the most suitable heading A-H for each part (16-22) of the article. There is one extra heading which you do not need to use.

- A Unbelievable hardships and difficulties  
 B Disapproval of reporting style  
 C Success for someone so young  
 D Braver than a man  
 E Ellen MacArthur makes no fuss  
 F Unknown sailor beats competition  
 G She's so tiny!  
 H Huge welcome home

16 F

Ellen MacArthur became front page news when, in 2001, she came second in the Vendee Globe round-the-world yacht race. Up until that point most people had never heard of her, even though at one stage during the race it had looked as if she might win.

17 A

The Vendee is the toughest race in the sailing world; others have died trying to complete the 26,000-mile course around Antarctica, but Ellen MacArthur spent three months at sea on her

own and succeeded at the age of twenty-four where many others, far older and more experienced, had failed.

18 E

She sailed alone in a yacht which would usually require an 11-strong crew. She changed sails twice her weight many times a day; she climbed 30 metre-high poles to carry out repairs to the sails in storm force winds; she lived on dried food and slept for no more than 10 minutes at a time; she escaped icebergs and stared death in the face more than once.

19 H

As her damaged yacht limped back to civilisation, thousands of people gathered on the shore to cheer her on. Her parents were flown out in a helicopter when she was 120 miles from the finishing line and were able to wave to their daughter before greeting her in an emotional reunion once she had arrived on dry land.

20 G

It was an extraordinary adventure story, but what made it all the more interesting for the media was the fact that the hero was a woman – and a small woman at that! Some newspapers presented her as ‘brave little Ellen’ and referred to her by her first name as if she were a child. Indeed, in many newspapers she was called a ‘girl’, and the reports described how she cried when she finally stepped off her yacht.

21 B

Ellen MacArthur has been recognised as the best oceangoing sailor that Britain has ever produced, so this kind of reporting seems particularly insulting and depressing. It is hard to imagine that a man who had achieved the same success would be referred to as a ‘sweet little thing or ‘Little Fairy of the Oceans’.

22 C

Ellen MacArthur’s courage and determination were amazing but she herself has remained modest about her achievement. For her it was all in a day’s work. In 1995 she had been judged Young Sailor of the Year and in 1998 Yachtsman of the Year, so taking on the Vendee Globe was the next natural step in her sailing career.

Writing

Time: 40 minutes

You have been asked to write a review of a film/cartoon that you liked when you were a little child. You must:

- give the name of the film;
- give the plot (сюжет) of the film in brief (вкратце);
- say what you liked about the film;
- say which character you liked best and why; - say who you would recommend the film to.

You should write 100-110 words.

Hi there! I would like to write a review about a cartoon of my childhood. The cartoon's name is "Tom and Jerry".

It was a TV series on VHS back then. The plot of this cartoon is simple: we have a cat named Tom and a mouse named Jerry. In every episode of the cartoon Tom is trying very hard to catch Jerry but he always gets stuck himself, no matter how hard Tom is trying to get him. I really liked this cartoon because Jerry is like me - very smart and thinks very quickly and Tom is like my friend, who always is trying to get me in trouble. But my favourite character is Tom because I like cats and he looks a lot like my cat Patsik.

I would recommend everyone to watch it! It's family-friendly so even my grandma laughs very much every time we rewatch it!

Bye-bye for now!  
(Love)

Tom
